It is a great pleasure for us to invite 25 European youth to visit Denmark and join the "Camp Djurs 2014".

The five inviting Danish Rotary neighbouring Clubs are situated in a particularly beautiful part of Denmark's nature, on Jutland just east of Aarhus, "The world's smallest big city".

**The purposes of the Camp are as follows:**

- ◆ to bring together young people from various countries and cultures,
- ◆ to help young people understand each other - and different cultures - better,
- ◆ to create lasting friendships across geographical and cultural borders,
- ◆ to help develop a better international understanding, tolerance and a wish for peaceful co-existence for the younger generation,
- ◆ to create a general understanding of the theme of the camp: "Culture, Sea, Sun and Friendship"
- ◆ to give the young people knowledge about Danish culture and way of life.

### Programme:

During both weeks there will be excursions to places of interest, for example farming, forestry or open sea fishing. In addition, there will be activities such as visiting museums, a memorial park, fish and shark aquarium

or Tropical Zoo/Rainforest; other fun activities like a canoe tour and amusement park visit might be included.
