

# AMAZON EXPEDITION

BRAZIL NEW GENERATION  
SERVICE EXPERIENCE

1st to 9th August, 2020

**09 DAYS IN AN ECOLOGICAL, CULTURAL  
AND HUMANITARIAN IMMERSION**

The Amazon is a colossus of forests and rivers that extends through nine countries of South America. Not only diversity in terms of fauna, flora, trees, insects and microorganisms constitutes the Brazilian Amazon, but also of human ways of life, cultural manifestations and techniques of existence in the environment. In this experience you will have the opportunity to act and experience the interconnectedness between these two dimensions, human and non-human, that resides the uniqueness and richness of this biome.

**Native style, sleeping on board in authentic hammocks, you will have the chance to feel the essence of the Amazon and the quiet but awesome power of the river.**

**The rainforest is a place that is at once mysterious and complex, fascinating and compelling and incredibly giving and benevolent. The medicinal complexity found within the Amazon transcends our imagination. The abundance of plants and trees in the jungle are as extensive as other entire countries.**

**You will be able to identify and contribute to the social and economic development of the region through ecotourism, fishing, visits to native communities and indigenous tribe, six days of humanitarian service in three typical Amazonian communities and a tree planting project.**

**With the other participants you will have the opportunity to provide medical care in the communities give prevention and awareness lectures to vulnerable populations and provide assistance according to your specialty**

# IMPORTANT INFORMATION AND HINTS

---

- You need Yellow Fever vaccine taken at least 10 days prior to departure.
- There is no vaccine against Malaria, but in some countries doctors recommend taking prophylactic pills. We recommend talking to your doctor regarding this issue before the trip and use repellents.
- If you have any diet restriction, please let us know
- During the boat trip there is no cell phone or Wi-Fi signal!
- The luggage allowance permitted by the airlines in Brazil is one checked luggage up to 23kg.
- Inside the airplane one piece of hand luggage up to 10kg.
- You can leave your extra luggage in the hotel in Manaus or you can take it with you to the boat. There will be enough space to accommodate it.
- All materials needed for community health care are the responsibility of the participant.
- There is electricity on the boat (110 volts), which means you can recharge your laptops, cell phones, cameras, etc.
- You can choose to sleep in a hammock or on a mattress on the floor with bed sheets and pillow.
- Bring light and simple clothes but also bring a light cold blouse and a "sweatshirt" because sometimes, when it rains at night, it makes a cold breeze.
- Bring flip flops sandals. It will be your most used footwear in the expedition. Also bring an old tennis shoe to use on walks and tracks if necessary.
- At the community and in the Indian tribe, if you want to buy some crafts, cash only.
- Bring repellent but remember that inside the boat there is no mosquito due to the acid water from the Negro River.
- There will be a canoe with a pilot to take you to all activities outside the boat and also an emergency speed boat
- No need to bring bath towel. We have one on the boat.
- Remember to bring swimsuits as you can swim in the river.
